THE BEST EDUCATION

The tools that will guide you on your way

Why should you study Accounting and Financial Strategy at ITAM?

An accountant with a solid education focused on business has a comprehensive international view of accounting and holds leadership roles in financial strategy and in decision-making. Therefore, he/she is able to contribute to corporate success and sustainability.

If you study Accounting and Financial Strategy at ITAM, you will experience professional growth and development in a very short period of time, since our goal is to educate competent leaders with a global vision who:

- Have an integral view of businesses.
- Are experts in interpreting and analyzing financial data.
- Develop financial, fiscal, and managerial strategies allowing companies to compete in international markets.
- Use accounting information to evaluate financial performance, thereby supporting decision-making.
- Evaluate fraud and compliance risks.
- Have a deep understanding of both process execution and control.
- Produce useful resources for decision-making through information and communication technologies.

ITAM's faculty is committed to creation of knowledge, thus their research projects have important academic repercussions of both an academic and professional nature. Likewise, ITAM's Center of Accounting Studies conducts research, analysis, and promotes topics impacting the accounting profession and education in this field in Mexico.

The program has an advisory board, consisting of partners from major international firms and CEOs from highly prestigious companies who provide invaluable insights into meaningful changes in the economic and labor environments. In this way, we can keep the undergraduate program up-to-date and educate students so that they are at the forefront of knowledge.

You will have the opportunity to take some courses in other countries since ITAM has an exchange program, which has more than 80 agreements with the world's best universities.

Likewise, you can participate in job internship programs during the summer, giving you the possibility to work, thus starting your professional development with real-life situations.
